

OVERDRAFT

- Unsecured up to £85,000
- No fixed monthly repayments
- Interest only for 12 month term
- Interest from just 0.05% per day

Alternative over-draft facility to help businesses navigate the current downturn

Our alternative over-draft solution works in the same way as a traditional bank overdraft, by providing a pre-agreed credit facility.

It is therefore perfect as a general cash flow safety net, and can be used to help you pay bills, wages and purchase inventory. Best of all, you only pay for what you use, which means the facility can sit unused until you need it, ensuring your business can survive these uncertain times!
