Our charges are subject to an annual RPI update in January each year during any fixed term. All prices exclude VAT which is charged at the applicable rate. ¹ Based on 10% of our customers on the network achieving this speed or faster. The actual speed you will receive is subject to line distance from the exchange, or the principal connection point for fibre, to your premises and line quality. Speeds vary significantly by location. External factors e.g. internet congestion and premises wiring also significantly affect speed. Fibre is subject to exchange availability. ² Clear Business operates a fair use policy for its Unlimited Broadband and Fibre Broadband. You will incur no additional charge or suspension of service as a consequence of exceeding any usage threshold. If Clear Business believes that your use of the service is adversely affecting the network (or any part of it) or other customers, then Clear Business may moderately regulate your usage. ³ £7.99 delivery charge applies. If you terminate your contract with Clear Business and you have taken a router, you will be charged £50 unless the router is returned within 14 days of termination and at your own cost, in good condition and suitable packaging. All prices exclude VAT, which is charged at the applicable rate. *Based on a three year agreement. © Verastar Limited January 2021
